The accident occurred near the station of the street railway, and was due to the sudden backing of a car standing in front of the station. Another vehicle was between the Governor's carriage and the car, and its negro driver in trying to get away from the car, backed into the carriage.

The deceased is the widow of the late B. L. Knapp, and is survived by three children—Mrs. Wm. Myall, of this city; Mrs. George Jasper, of Chattanooga, Tenn.; and Edward Knapp, of Cincinnati. Mrs. Knapp was a life-long and faithful member of the Christian Church, and by her sweet and sunny disposition was loved by all, especially by those who knew her best. It can truly be said that a good woman has gone to her just reward. The funeral was held Saturday afternoon, at the residence of her son-in-law, Mr. Wm. Myall, services being conducted by Elder Carey Morgan and burial at Paris cemetery. The pall-bearers were: Dr. J. T. Vansant, Jonas Myall, J. T. Quisenberry, J. T. Martin, Chas. Stephens, W. S. Ray.

THRO' KENTUCKY.

Thro' the grand state of Kentucky, Where the "Old Home" got its name, Where the fields are overflowing With the yellow ripening grain.

Here tobacco plants are growing, In the fields not sown with corn, Tobacco plants—big as cactus—Just as sure as you are born.

Yes, they're large as good-sized cactus, Larger in our home-like view, But it's of a fine grade as Is that old "Kentucky Dew."

Here all people reap a harvest, Money in bank from year to year, All the green calamity howlers, Lose their jobs when they land here.

Here the "dry" ways are the highways, Built high and dry from rains and floods, Here the "good roads delegation," Swear the roads are sutt'nly good.

But of pikes and highways finest, There's a "road" that suits my taste; 'Tis the line of Solid Comfort, And the trains let no time waste.

From Kentucky to St. Louis, Operates this road of class, Across the famous old "Green River" On its roadbed smooth as glass.

Would you know the road I speak of? Listen then to my advice, For you'll need it in your business, On your trip to Paradise.

In your travels to St. Louis—Hurry! beat them under the wire, "Get the 'Henderson Route' habit"—'Tis a good one to acquire.

—[Jack "Henderson" Gallagher]

BATTLE AT KIN CHOU.

The Japanese Loss Estimated at 3,500 Killed.

Stronghold Was Captured and There Is Little Now to Hinder Japanese Advance on Port Arthur, Which Has Begun.

Tokio, May 30.—The details of the fighting at Kin Chou emphasize the heroic tenacity of the Japanese in their conduct at Nanshan. Nine successive times the Japanese charged the fortified heights in the face of a storm of death dealing missiles and in their last effort they carried the forts and trenches only after a bayonet to bayonet conflict with the Russians, who made desperate despairing struggle to beat back the oncoming hordes.

The final assault of the Japanese in which they at last succeeded in taking possession was marked by the most desperate hand to hand encounter that has thus far characterized the war. The Japanese left, throughout the entire action until night, was exposed to an enfilading fire from the Russian infantry, a gunboat on Talienwan bay and four 9-centimetre guns posted at Tafengchen. At a critical moment the ammunition of the artillery ran low and it was decided to cast the remaining ammunition into one final desperate assault.

Fortunately however at the moment this decision was reached the Japanese squadron in Kin Chou bay, which had ceased bombarding when the infantry had first moved forward, suddenly resumed the shelling of Nanshan. Then it was that the issues of the day were determined at a moment when the outcome was fluttering between success and defeat for Japan—at that moment was an almost certain repulse converted into victory so successful that the forces of the czar were swept into confusion and disorderly retreat. With every Japanese gun centering its fire upon the Nanshan forts and trenches, the Japanese infantry sprang over the bodies of the dead comrades who had sacrificed their lives in the previous fruitless charges. The entire line rushed forward toward the Russian left, where the fire of the Japanese squadron had proved most deadly and which was the first to weaken under the death dealing bombardment. And it was there that the first breach was made in the human stone wall that all day had been an invincible barrier to the impetuous assault of the brown men.

It was the fourth division of the Osaka men that stormed the Russian left. It had once been said that Osaka men were not brave. It will never be said again.

The first division of Tokio, which had the center and the third division of Nagoya occupying the left and which had been exposed all day to the Russian fire against the front flank, now followed the example of the Osaka men and rushed forward and the battle became transformed from an artillery duel into one of personal conflict, with the bayonet as the instrument of warfare. On every parapet the restless, death-defying Japanese surged forward in increasing numbers and hustling the Russians from their intrenchments, swept over the hill. At 7:30 o'clock as the sun was sinking beneath the horizon the flag of the land of the Rising Sun floated above the blood sodden Nanshan hill, while the shouts of "Banzai" swelled from hill to hill and re-echoed from squadron to fort.

The Japanese paid for their victory in 3,500 killed and wounded. To the Russians humiliation of defeat was intensified by the loss of 68 cannon and 10 machine guns while lying dead in the fort and trenches were 500 men, the victims of the accuracy of Japanese long distance marksmanship and of close range fighting.

THE GILLESPIE JURY.

After 50-Hour Session It Disagreed and Was Discharged.

Rising Sun, Ind., May 30.—The jury of 12 good men and true, empaneled to try James Gillespie, Belle Seward and Carrie and Myron Barbour for the murder of James Gillespie's twin sister Elizabeth, has disagreed. At 10:30 o'clock Sunday, after it had been out for 50 hours, the jury was summoned to the courtroom and interrogated by Judge Downey as to whether or not it had agreed upon its verdict.

Ira Powell, the foreman, replied that it had not.

"Is there any possibility that you can agree upon a verdict?" asked the court.

"None whatever," replied Powell. "Does this express the opinion of all of you?" inquired Judge Downey, addressing the jurors.

Each of the men nodded in the affirmative.

"Gentlemen," said the court, "it is unfortunate that our three weeks of hard work should result in a mistrial. I trust, however, that each of you has arrived at his decision through a serious consideration of the evidence as brought out at the trial and not because of ulterior reasons.

"I thank you for your conscientiousness with which you have performed your duty.

"Gentlemen, you are discharged."

The vote of the jurors stood five for conviction and seven for acquittal continuously through their long session. Eight ballots were taken and no votes were changed.

The vote applied to all the defendants, and no attempt to frame a compromise verdict on one or two of the accused was found to be possible.

M'DONALD ACQUITTED.

Jury Says He Is Not Guilty of the Murder of Miss Schafer.

Bedford, Ind., May 28.—The jury Friday returned a verdict acquitting James McDonald, who was on trial for the murder of Miss Sarah Schafer.

So quietly was the arrangement to receive the verdict that McDonald's wife was not in the courtroom. After the verdict was announced there were cries of "Good, Jim," and applause. McDonald's attorneys refused to allow him to make a statement. The verdict was reached on the seventh ballot. The first stood nine for acquittal and three for conviction. McDonald was formally discharged by the court and left the courtroom. There was no demonstration.

Indianapolis, Ind., May 28.—The Star Friday night offers a reward of \$1,000 for information that will lead to the arrest and conviction of the murderer of Miss Sarah Schafer, the Bedford school teacher.

Thousands of Head of Stock Were Drowned in Nebraska.

Lincoln, Neb., May 28.—Division Superintendent Bignell, of the Burlington, who returned Friday from the flooded districts in Greeley and Nance counties, gave details of what is regarded as the worst flood ever known in that territory. One stockman lost 100 fat cattle and 300 hogs. Trains were tied up from washed out tracks and some of the smaller towns have been without mail since Tuesday.

Doubtful Compliment.

Poulney Bigelow, who has accepted the chair of foreign relations at Boston university, had completed an address before the Twentieth Century club of Chicago. A young man congratulated Mr. Bigelow rather awkwardly on this address, and the learned traveler replied:

"That is a doubtful compliment. It reminds me of a remark that a friend of the groom's made at a New Hampshire wedding.

"This friend, an observant chap, watched the groom closely during the ceremony, and at the end bore down on the happy man, shook him warmly by the hand, and said:

"Well, ye done good. I had an idee ye would be skittish while ye wuz bein' tied up, but, begosh, ye looked as bold as a sheep."—Washington Post.

A Happy Mother.

Maple Hill, Ia., May 30.—A very remarkable case occurred here recently. The people here have never seen anything like it. From his infancy, Verne, the little five-year-old son of Mr. and Mrs. J. Barfoot, of this place, has been sickly. His mother consulted a doctor, but he did not begin to improve till some one suggested that she try a remedy called Dodd's Kidney Pills. From unmistakable symptoms she had always believed that his kidneys were the first cause of all the trouble, so she bought a box of Dodd's Kidney Pills and began giving little Verne two pills a day. In two or three days she noticed an improvement and she kept on till he had used about two boxes when to her great joy, he was all right. Everybody remarks how much better Verne looks and Mrs. Barfoot always explains: "Dodd's Kidney Pills saved his life."

Professional Ride.

"Why, your flying machine won't even leave the ground!" said the man who had been induced to observe the experiment.

"Well," answered the inventor, after some reflection, "my machine may not be as much of a traveler as some of the others, but it's a heap safer."—Washington Star.

Another club woman, Mrs. Haule, of Edgerton, Wis., tells how she was cured of irregularities and uterine trouble, terrible pains and backache, by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—A while ago my health began to fail because of female troubles. The doctor did not help me. I remembered that my mother had used Lydia E. Pinkham's Vegetable Compound on many occasions for irregularities and uterine troubles, and I felt sure that it could not harm me at any rate to give it a trial.

"I was certainly glad to find that within a week I felt much better, the terrible pains in the back and side were beginning to cease, and at the time of menstruation I did not have nearly as serious a time as heretofore, so I continued its use for two months, and at the end of that time I was like a new woman. I really have never felt better in my life, have not had a sick headache since, and weigh 20 pounds more than I ever did, so I unhesitatingly recommend your medicine."—MRS. MAY HAULE, Edgerton, Wis., Pres. Household Economics Club. —\$5000 forfeit if original of above letter proving genuineness cannot be produced.

T. H. INGRAHAM DEAD.

Head of Brotherhood of Locomotive Engineers Died Suddenly.

A Remarkable Coincidence Is That Former Grand Chief Arthur Died of Apoplexy While Attending a Meeting of Engineers.

Los Angeles, Cal., May 28.—Thomas H. Ingraham, assistant grand engineer of the Brotherhood of Locomotive Engineers, dropped dead Friday at the biennial convention of the organization here.

Mr. Ingraham was absorbed in work when he lost consciousness and fell from his chair. He expired almost immediately. His health had not been good for some time.

The body will be taken to Cleveland next Sunday by a committee of the brotherhood.

Mr. Ingraham, who was 69 years old, had been first grand engineer since 1873. He was initiated into the brotherhood in the Fort Wayne division in 1865 and had held several offices in the order. He had been mentioned as a possible candidate for the office of grand chief engineer at the present convention, but it was understood that he had refused to allow his name to be considered. There was no opposition to his re-election as first grand engineer. He was a Knight Templar and a Mason.

Cleveland, O., May 28.—Thomas N. Ingraham, assistant grand chief engineer of the Brotherhood of Locomotive Engineers, who dropped dead in Los Angeles, Friday, at the biennial convention of the organization, lived in this city and was very widely known. He had been connected with the brotherhood for more than 30 years, previous to which he was a locomotive engineer. He is survived by a son and two daughters, his wife having died several years ago.

A remarkable coincidence in connection with Mr. Ingraham's death is the fact that former Grand Chief P. M. Arthur, of the brotherhood, died suddenly of apoplexy while attending a meeting of engineers at Winnipeg last year.

SENATOR QUAY FUNERAL.

Speaker Cannon Appointed a House Committee to Attend.

Beaver, Pa., May 29.—Senator Quay's last great battle, his struggle to keep alive the vital spark in his wasted body is ended. The shadows of death darkened his Beaver home Saturday afternoon and at 2:40 o'clock the senator breathed his last. The end came peacefully, and the little group of grieving members of his family realized that breath was extinct. Outside the immediate members of his family there was no one present at his bedside except two physicians who had been attending him in his illness.

The death stupor came upon him shortly after midnight Saturday morning. A report was spread that the sleep was natural. The physicians, however, knew the sleep was to come soon.

Washington, May 30.—Speaker Cannon has appointed the entire Pennsylvania state delegation as a committee to represent the house of representatives at the funeral of the late Senator Quay at Beaver, Pa., who died Saturday, Tuesday next. A special car will leave Washington at 7:15 p. m. Monday for the use of such members of the committees of the two houses of congress as may be in this city at that time. Other members will be met at Pittsburgh Tuesday morning and the entire congressional party will proceed to Beaver by special train.

Harrisburg, Pa., May 30.—Gov. Pennypacker will leave Monday night for Beaver to attend the funeral of Senator Quay. The governor will Monday preside at the Memorial day exercises at Gettysburg. The state buildings have been draped in mourning for a period of 30 days out of respect to Senator Quay.

Beaver, Pa., May 30.—Many prominent people visited this place Sunday for the purpose of expressing sympathy to the family of the late Senator M. S. Quay, but only a few of the most intimate friends were permitted to view the remains of the dead man.

It was announced by the family that carrying out the senator's dying request there will be no ostentation in connection with the funeral. This compels the refusal of a request by the masons for a masonic funeral. The final arrangements made Sunday are that the body shall remain in the senator's bedroom where he died until Tuesday, when it will be carried to the First Presbyterian church in charge of Post 473, G. A. R., of which Senator Quay was a member, and lie in state from 9 a. m. until 1 p. m. The church will then be cleared and at 2 o'clock the funeral services will be conducted by Rev. J. S. Ramsey, pastor of the First Presbyterian church, assisted by Rev. Appleton Bash, D.D., of the Methodist Episcopal church.

The Week's Failures.

New York, May 28.—Business failures in the United States for the week ending May 26 number 184, against 215 last week, 181 in the like week in 1903, 163 in 1902, 144 in 1901. In Canada failures for the week number 14, against 11 last week.

No Change in the Discipline.

Los Angeles, Cal., May 28.—By the decisive yea and nay vote of 441 to 188, the Methodist general conference decided not to make any change in the church discipline in the matter of prohibited amusements.

THE BOB-WHITES.

Department of Agriculture Investigates Their Economic Value.

Washington, May 30.—The ornithologists of the department of agriculture have been making an investigation of the economic value of the bob-white as a result of which it is now announced that that bird is "probably the most useful abundant species on the farms."

Field observations, experiments, and examinations show that it consumes large quantities of weed seeds and destroys many of the worst insect pests with which farmers contend and it does not injure grain, fruit or other crop. It is figured that from September 1 to April 30, annually, in Virginia alone, the total consumption of weed seed by bob-whites amounts to 573 tons. Some of the pests which it habitually destroys, the report says, are the Mexican cotton boll weevil, which damages the cotton crop upwards of \$15,000,000 a year, the potato beetle, which cuts off \$10,000,000 from the value of the potato crop, the cotton worms, which have been known to cause \$30,000,000 loss in a year, the cinch bug and the Rocky Mountain locust, scourges which leave desolation in their path and have caused losses to the extent of \$100,000,000 in some years. The report urges measures to secure the preservation of the bob-whites in this country.

Discussing the prospects for the silk industry, Dr. L. O. Howard, the entomologist of the department of agriculture, in an official treatise, says:

"The department is justified in its initiatory effort to create the conditions for a constant supply of cocoons. It can keep up its reeling work and thus keep open practically the only market existing at present for a period which must be determined by the will of congress. The outlook for what we have termed a more natural market is problematical. There are many portions of the United States well adapted to silk raising, many places which might well become silk centers, where labor can be employed practically at rates comparable to those of Southern Europe. The establishment of a silk mill in such a location with its own filature attached with the surrounding people employed as operatives in both filature and mills and with the otherwise unemployed members of their households engaged in silk raising in the spring, is feasible and can be made to pay. That in some of these ways the natural market will come seems possible and even more than possible. What the success of silk culture would mean to the United States is indicated by the importations of raw silk into the United States during the years 1892 to 1902.

FIRE AT MONTGOMERY.

Cordage Plant Destroyed With a Loss of \$400,000.

Montgomery, Ala., May 30.—Fire destroyed the plant and warehouse of the Alabama Cordage Co. here, entailing a loss estimated at \$400,000, which is practically covered by insurance. The plant is located in a suburb of Montgomery and about a mile from the nearest fire station. The blaze originated in the storage department and spread rapidly. Between the plant proper and the warehouse where was stored 4,600 bales of cotton was a parapet wall 20 feet high built for fire protection. The flames leaped this wall and the warehouse was ignited. A strong wind was blowing at the time and it was a matter of minutes to see that the flames could not be extinguished.

CONVENTION OF ARMENIANS.

Delegates From All Parts of the United States Present.

Boston, May 30.—A convention of Armenians, attended by delegates from all sections of the United States where there are Armenian colonies, opened here Sunday. The object of the convention is to form an organization to promote the general welfare of Armenians in this country. Bishop Haysah Saradjian was chosen temporary chairman. An effort will be made to have the organization adopt a petition to be presented to the international peace congress setting forth the condition of Armenia for amelioration through the enforcing of existing treaties.

AGAINST MONTEREY.

The Texas Quarantine Recently Established Still in Force.

Monterey, Mex., May 30.—Notwithstanding the quarantine recently established by the state of Texas against all Mexican points has been lifted, it is still in force against Monterey. This is due to the fact that the Texas authorities had received word to the effect that a case of yellow fever existed at Tampico and they refused to lift the embargo against Monterey unless a quarantine be put on against Tampico. Gen. Reyes, upon inquiry, states there is no yellow fever at Tampico and says he will not be justified in placing a quarantine against that city.

Has Just Leaked Out.

Colorado Springs, Col., May 30.—News of the secret marriage last February of Lieut. Charles O. Greenwood, of Company I, Second regiment C. N. G., of this city, while on a leave of absence, to Miss Frances Heiser, of Osborne, O., has leaked out.

World's Fair Tourists.

St. Louis, May 30.—The steamer Greenland, a large passenger boat from Pittsburgh with 75 World's fair tourists, arrived here, being the first packet to run through from Pittsburgh to St. Louis in several years.

DESTRUCTIVE FIRES.

Freight and Coal Piers, Jersey City, Burn With Big Loss.

Crossed Electric Wires in New Orleans Caused a Property Loss in Wholesale District Estimated at Half a Million Dollars.

New York, May 30.—Seven freight and coal piers of the Delaware, Lackawanna & Western railroad in Jersey City were destroyed by fire that started about 5 o'clock Sunday afternoon in pier 12 on which a lot of barrels of oil were stored. The flames spread rapidly. Pier 12 was 800 feet long and was soon ablaze its entire length and the firemen who were trying to fight the fire from the shore were able to accomplish but little.

The flames swept across to pier 11 and beyond, being finally checked at pier 5, which is a new coal trestle, steel framed and iron clad. Here the firemen and fire-boats made a desperate stand and stayed the advance of the fire until the burning piers crumbled and fell into the water. Although there was but little wind, sparks fell all along the water front for the better of a mile, endangering the Lackawanna depot and even the Hamburg-American line and Bremen line piers, where the firemen were kept busy playing streams of water upon the buildings and over the ships at their docks.

The building of the Hoboken Coke Co., five blocks from the main fire, was set ablaze by burning brands but the firemen responded quickly and the building was only slightly damaged.

A number of canal boats and several tugs were burned, the loss of small boats being variously estimated at from 30 to 200.

The number of freight cars burned is not known, but on this class of rolling stock and on coal cars the loss will be heavy.

During the fire the Lackawanna moved its passenger coaches from its yard out to the Meadows and one train of a dozen box cars was hauled out of a burning pier and saved.

Piers 11 and 12 were full of general merchandise. Piers 7, 8, 9 and 10 were used for coal and pier 6 was a grain loading pier. The total loss is estimated at \$5,000,000.

New Orleans, May 30.—A fire caused by crossed electric wires did about half a million dollars damage Sunday. The Louis H. Rice saddlery factory, the Simmonds Manufacturing Co. and the Meigs, Brady & Lincoln woodenware establishment were destroyed and a half dozen others damaged. The fire was in the heart of the wholesale district and was well fought, being stopped short of two oil companies and several big drug establishments. Insurance \$350,000.

SUNDAY GAME IN BROOKLYN.

There Was No Interference By the Police.

Brooklyn, May 30.—Acting under instructions from Deputy Police Commissioner Farrell and District Attorney Clark, there was no police interference with the National league championship baseball game which was played between the New York and Brooklyn teams at Washington park Sunday afternoon. About 20,000 persons witnessed the contest and the big crowd assembled and dispersed without the slightest sign of disorder. The grounds were thoroughly policed by uniformed officers, as well as detectives, some of whom took the names of all the players who took part in the game as well as the managers and representatives of the competing clubs.

There were several representatives of the law enforcement society among the spectators and they were there for the purpose of securing evidence. There was no charge for admission to the grounds Sunday, but each person bought a score card, these cards being of different colors. They indicated the place of vantage the holders were entitled to view the game.

THE PRESIDENT'S DAUGHTER.

Police Were Needed to Control the Curious Crowds at St. Louis.

St. Louis, May 30.—A detachment of police was needed at the First Presbyterian church Sunday to control the curious crowd that assembled to see Miss Alice Roosevelt pass into Sunday's service. So unostentatious was Miss Roosevelt's departure after the service that but few recognized her and nearly 100 women stood for half an hour in the rain thinking she was still in the church. In his invocation Rev. W. J. McKittrick, the pastor, prayed for Divine guidance for the president.

Big Sale of Jewels.

Paris, May 30.—The sale of the jewels of Princess Mathilde continued to draw a good gathering of amateurs. The total amount realized was \$66,210. A feature was the price of 22 brilliants of bluish white stones, purchased by Falkenberg for \$25,000.

The Methodist Conference Adjourns. Los Angeles, Cal., May 30.—It was after midnight when the general conference of the Methodist Episcopal church finished the final roll call Saturday night which brought to a close the most memorable gathering in the history of the church.

Dangerous Gun Practice.

New York, May 30.—The tests of heavy artillery on the government proving grounds, Sandy Hook, besides causing minor damage, wrecked a portion of a public school building in Coney island, seven miles distant.

Terrific Storm.

Nicholas county was visited Sunday by a rain and hail storm. Heavy wind blew the roof off Abalom Brother's residence, near Carlisle, and he, being blind, in his effort to escape, was struck by falling timbers and so badly injured he may die. A portion of John G. Blair's handsome residence was blown down. Thirty barns are reported destroyed.

The brooders and incubators at the poultry yards of Frank Kennedy & Co. and E. H. Kennedy & Co. were wrecked and two thousand hens and chickens drowned. The hail broke the glass in J. W. and E. W. Shankland's hotbeds and destroyed growing vegetables and plants. One large window was blown out and one chimney off the courthouse, the roof on the Carlisle Milling Company was damaged, while many shade trees were broken off and blown down. A fine broodmare belonging to John H. Frey was killed by lightning near Carlisle.

DEMOCRATIC TICKET.

FOR CONGRESS—
HON. SOUTH TRIMBLE,
of Franklin County.

Democratic Mass Meeting.

The Democrats of Bourbon county will meet in mass convention at the old Christian Church, in Paris, Ky., on Saturday, June 4th, 1904, at 2 p. m., for the purpose of selecting delegates to the State Convention, which meets in Louisville, June 8th, to select delegates to the National Convention to be held in St. Louis, July 6th.

GEO. W. MORROW, Chairman.
R. K. MCCARNEY, Secretary.

Mass Meeting Saturday.

Hon. A. S. Thompson, of Bourbon, has by numerous friends from all over the Seventh Congressional District, been urged upon to become a candidate for Executive Committeeman from this district. A mass meeting of Democrats will be held Saturday at two o'clock to select delegates to attend the State Democratic Convention at Louisville on June 8th, to select delegates to the National Convention. At the State Convention the Executive Committee for the State is selected, and it is of the utmost importance that good men should be placed on this committee. Mr. Thompson has consented to become a candidate for a member of said committee and if selected no better choice could be made. His record in the Legislature was a clean one, and if a member of the Executive Committee he could be depended on to be fair and conscientious in his dealings with every question that should arise before that body. Let his friends be present at the mass meeting Saturday and select a delegation to the State Convention that will do all in their power to make this worthy Democrat a member of the State Executive Committee.

Mt. Sterling Short Line.

The enterprising citizens of Mt. Sterling, on Saturday, filed articles of incorporation for the Mt. Sterling Short Line Railway Company, with capital stock of \$250,000. The road, a survey of which has already been made, will be built at once, and will be nine miles in length, connecting with the Lexington and Eastern at Indian Fields. It is believed the road will be the means of building an electric line from Mt. Sterling to Lexington and to Sharpsburg.

Now if our citizens would wake up and take some interest in the electric line to North Middletown, for considerable less money than it would take for this line, a road could be built to connect with this short line at Mt. Sterling and we would be in direct connection with the best coal fields in Kentucky.

City Tax Levy Raised.

At the meeting of the Paris City Council, on Thursday night, the following Tax Levy, on each \$100 worth of property, was made for the year 1904:

General Purposes.....	.75
Sinking Fund.....	.25
Library Fund.....	.15
School Fund.....	.30

Total Levy for 1904.....\$1.45

This is a raise over last year of 15 cents, which will be seen is caused by the Library Fund. The committee who built the Library overstepped its authority a little and incurred an indebtedness of \$3,000 above the amount set apart for this purpose. This debt had to be paid and it was just as well to levy the tax now for that purpose. After this year this fund will only require a tax of about 5 cents to run it as per contract with Carnegie.

IN Bath county five men were fined \$25 each and costs for seining a creek in violation of the law. If the authorities will continue to enforce the law there will soon be good fishing in the streams of that county. What is done in Bath in this direction can be done in any county in the State. If the seiners and dynamiters were kept out of Stoner, in a few years it would be a splendid fishing ground. Every citizen of Bourbon county, who inclines to legitimate sport of this kind, ought to camp on the trail of every illegitimate fisherman and see that he is brought to justice.

ROOSEVELT'S administration has cost so much that if the sums appropriated were divided into \$10 bill, placed end to end, the earth could be belted and 6,000 miles be left. If he should be given four years more he would very easily make a new record in extravagant expenditures. Why not turn Teddy out? Prior to his occupancy of the White House the United States treasury has never been considered merely as a thing to be played with.

Mr. Chas. Clarke will take his place at Chas. Cook and Co.'s grocery.

RUNAWAY.—Mr. Walter Clark, while driving on Second street, yesterday morning, had narrow escape from being hurt. He was driving a rather fractious horse to his brake cart when his bit broke, the horse at once making a dash for home and Mr. Clark a dash for the ground. The cart struck Mrs. Jas. Short's fence on Main street as the horse turned from Second, releasing him from the cart and on last accounts the horse was on his way home.

Dynamiting Stoner.

We understand that some miscreants are at their dirty work of dynamiting the trash piles in Stoner. Some gentlemen were up the creek the other day and caught several nice strings of new lights near brush piles and upon returning to their good fishing grounds a few days afterwards found the brush piles had disappeared and a large number of dead fish on the banks. This business not only destroys the fishing in this beautiful stream, but it gives our citizens impure water for cooking purposes, etc., many of them being compelled to use the water for drinking purposes. If there should be punishment meted out to the violators of the law this class should be dealt with to the very limit. Let every law abiding citizen play detective for a while and see if these people cannot be punished as they deserve.

He "Got the Money."

The Cincinnati Enquirer of Sunday contained the following notice of a Parisian: "A quiet mannered, modestly dressed man with a zephyr-like rural air about him dropped into a stiff poker game in Cincinnati one night last week. To most of the high rollers he was a stranger, and when they were informed that he was only a tonsorial artist from a Blue Grass town they thought he would soon blow himself out and it would be like finding coin."

"But it was different. When he got up from the table and said he reckoned he would quit for breakfast he cashed in \$1,650 to the 'good.' It was 'Tom' Crawford, the unpretentious Paris, Ky., barber, who is said to know the value of a hand as intelligently as any sport living, and plays with the nerve of a millionaire. Crawford took his winnings home with him."

CALL for the Stoner Cigar.

Baccalaureate Sermon.

The baccalaureate sermon to the graduating class of the Paris High School was preached at the Christian Church, Sunday night, by Rev. J. L. Clarke, of the Methodist Church. After reading a part of the Second Chapter of Exodus, Mr. Clarke took for his subject, "Intellectual Culture," and delivered one of the best and most appropriate baccalaureate sermons ever heard in Paris. The congregation was large, and the singing most excellent. The High School commencement exercises will be held at the Opera House on Thursday evening.

Tablot Bros' String.

Tablot Bros', Talpa was another good race at Chicago Saturday. Hart Tablot, who trains his own horses, is known at home and abroad to always run his horses to win, and his many home friends are always anxious to put a small bet on them whenever they start, so to give them this opportunity we give the names of the horses he has in his stable this year. We will say further that it is the best bunch he ever left home with. They are as follows:

Talpa, Wain-a-Moines, The Crisis, Prince Silverwings, Shawana, Dalvay, Atwill, Tapiola, Estrada Palma; his two-year-olds are Regale, Hambright, Brightway, Brita, Alcor and Dod Anderson.

Daughters of the Confederacy.

The Richard Hawes Chapter of the Daughters of the Confederacy will bestow the Southern Cross of Honor upon about 30 Confederate Veterans at the Christian Church, this (Tuesday) evening, at 7:30 o'clock. Dr. J. L. Webb, President of Kentucky Wesleyan College, Winchester, will deliver the address, and beautiful music will be rendered by our best local talent. A very interesting program has been prepared. Everybody is cordially invited to attend.

TAILORED SUITS.—Ladies' handsome tailored suits at special bargain price for 5 days, at Twin Bros. Dry Goods Department.

Musical Festival.

The musical entertainment to be given on Monday evening, June 6th, will by far excel anything of the kind that has ever been given in Paris. Dr. Frank Fithian has been untiring in directing the choruses, and the music selected outclasses any that has ever been heard here. In fact, the Opera House should be crowded to standing room only, for it is only on rare occasions that such singing is heard anywhere. This entertainment is for the benefit of the First Presbyterian church, and it is the first time that we remember, this church has ever given a public entertainment. Tickets will be on sale Wednesday at Borland's. Program will be given in next paper.

The Reds and Blues Tie.

About three months ago, the Methodist Sunday School in this city divided into two companies, the Reds and the Blues. The company that secured the largest number of new scholars was to be entertained by the other with a supper. Sunday was the day to count noses and the interesting fight resulted in a tie—each company having enrolled 21 new scholars. So the whole school decided to give a supper to the members of the church and friends on the evening of June 7th. Forty-two new scholars in three months speaks well for this little band of Christian workers.

A Close and Persistent Contest Ended.

The suit of the Fifth National Bank of Cincinnati against the estate of Charlton Alexander was on trial at Lexington last week and ended Saturday in favor of the Bank, the Bank recovering a judgment for fifteen thousand dollars and interest and costs. The suit was on a note for that amount executed by Mr. Alexander in his lifetime to his son, George Alexander. The plaintiff, the First National Bank, had purchased the note from the Citizens' National Bank of Cincinnati, which in turn had acquired it from George Alexander & Co. The contention of the defense was that there was no consideration for the note, and it was a gift and unenforceable, and that as the Fifth National Bank had purchased it from the Citizens' National Bank after it was due and unpaid and protested, it had not made the purchase in good faith, but merely as agent of George Alexander to give the plaintiff Bank a nominal title while the real party in interest was George Alexander, and that therefore the suit could not be maintained by the Bank.

Every step of the case was closely and persistently fought. The Court decided that the Fifth National Bank acquired a good title, and that the note was enforceable, and that the estate was liable for the full amount of the debt.

The case has been chiefly remarkable for the number of eminent counsel engaged upon both sides, no less than twelve lawyers from various cities having appeared. For the plaintiff, McMillan & Talbot, of Paris; C. J. Bronston and Breckinridge & Shelby, of Lexington. For the defendant, Myers & Howard, formerly Myers & Leonard, of Covington, and Allen & Duncan, of Lexington, were all actively engaged in the conduct of the case.

DON'T YOU BELIEVE IT!

WHAT?

Why, that "Your Credit Is Good," Unless It Is Good.

BUT YOU CAN BELIEVE

That on the "Your Credit Is Good" system, you are paying about two and a half times as much for your goods as you should, and not getting the "real stuff" ten. Take a tumble to yourself, for

YOU CERTAINLY KNOW

that I am selling the best grade of goods to be bought as close as the quality of the goods will permit, and I will not ask you to buy one single second-hand article, taken away from goodness knows who. If I do sell you on credit or payments, I will not try to make YOU pay ALL THE PROFIT and let the CASH CUSTOMER pay NONE.

I will try and treat you all alike.

A Continual Strain.

Many men and women are constantly
subjected to what they commonly term
"a continual strain" because of some
financial or family trouble. It wears and
distresses them both mentally and physi-
cally, affecting their nerves badly and
bringing on liver and kidney ailments,
with the attendant evils of constipation,
loss of appetite, sleeplessness, low vitality
and despondency. They cannot, as a
rule, get rid of this "continual strain,"
but they can remedy its health-destroy-
ing effects by taking frequent doses of
Green's August Flower. It tones up
the liver, stimulates the kidneys, insures
healthy bodily functions, gives vim and
spirit to one's whole being, and even-
tually dispels the physical or mental dis-
tress caused by that "continual strain."

lar size, 75c. At all druggists.—W. T.

Healthy Mothers.

Mothers should always keep in good
bodily health. They owe it to their
children. Yet it is no unusual sight to
see a mother, with babe in arms, cough-
ing violently and exhibiting all the sym-
ptoms of a consumptive tendency. And
why should this dangerous condition ex-
ist, dangerous alike to mother and child,
when Dr. Boesche's German Syrup
would put a stop to it at once? No
mother should be without this old and
tried remedy in the house—for its time-
ly use will promptly cure any lung,
throat or bronchial trouble in herself or
her children. The worst cough or cold
can be speedily cured by German Syrup;
so can hoarseness and congestion of the
bronchial tubes. It makes expectora-
tion easy, and gives instant relief and
refreshing rest to the cough-racked con-
sumptive. New trial bottles, 25c; large
size 75c. At all druggists.—W. T.
Brooks

FOR JUDGE OF COURT OF APPEALS.

TO THE VOTERS OF THE FIFTH AP-
PELLATE COURT OF KENTUCKY:—I am a
candidate for Judge of the Court of Ap-
peals from this District, subject to the
action of the Democratic party. As
Circuit Judge, it became my duty to try
a number of criminal cases, which have
become a part of the State's history and at
a most critical time. As Judge of the
State Fiscal Court, it fell to my lot to
construe the Statutes adopted, to put in
force the provisions of the new Constitu-
tion, as well as to construe the present
Constitution whenever a con-
troversy arose as to its proper construc-
tion. Almost innumerable cases have
burdened the dockets of my court, touch-
ing the rights of corporations and the
exercise of franchise under law. How well
I have discharged my duties under such
trying circumstances, is left to you to de-
termine.

I will be very grateful to all who feel
they can assist me to secure the high po-
sition and office to which I aspire.

Very respectfully,
JAMES E. CANTRILL.

FOR CONGRESS.

We are authorized to announce W. P.
Kimball, of Fayette county, as a can-
didate for the Democratic nomination for
Congress from Seventh District, subject
to the action of the district convention to
be held in the city of Lexington on
Thursday, May 12, 1904.

I am a candidate for re-election to
Congress from this District, subject to
the action of the Democratic party. I be-
lieve in getting as close to the people
as possible, and it was my desire
that a primary election be held to select
a Democratic nominee for Congress, so
that every Democrat could have the
privilege of going to his precinct voting
place and expressing his choice, but my
opponents desired mass conventions at
the county seat, and the committee so
ordered.

I am now serving my second term as
your Representative. I have endeav-
ored, to the best of my ability, honestly,
faithfully and conscientiously to do my
duty. It is my highest ambition to se-
cure legislation for the relief of the
farmers, who have been so grossly im-
posed upon by unjust laws, and I feel
that my experience has fitted me to ren-
der valuable service on this line, if I am
permitted to continue to represent my
District.

My official duties in Washington will
prevent me from making an active per-
sonal campaign in all the counties of the
district, therefore, I will have to rely on
my friends to take care of my interest,
which I have an abiding faith they will
do. Trusting my service as a member
of Congress meets with your approval,
and hoping my candidacy will receive
your valuable aid and support, I am
Very respectfully yours,
SOUTH TRIMBLE.

HYOMEI'S SUCCESS IN PARIS.

Cured Many Serious Cases of Catarrh. Clarke & Co. Will Refund Money if It Fails.

No other medicine for treatment for catarrh has ever achieved such quick and remarkable success in Paris as Hyomei. The fact that Clarke & Co., when they first introduced Hyomei sold it under a positive guarantee to refund the money in case it did not cure contributed largely to its successful introduction. A guarantee from a firm like Clarke & Co. gave people confidence at the start.

Those who obtained a Hyomei outfit found that the treatment did all that was claimed for it; that the first few breaths of Hyomei cleared the air passages and gave an exhilarating and invigorating effect. Its continued use freed the system from all catarrhal germs, soothed and healed the mucous membrane, and made a complete and lasting cure.

Compared with the dangerous stomach drugging that had been used heretofore in the treatment of catarrh, the balsamic air of Hyomei created a most favorable impression. And the medicine itself did even more than was claimed for it. In fact, to make a success, it was necessary that Hyomei should cure nearly every case of catarrh in which it was used, for every outfit was sold on a guarantee to refund the money in case it failed.

If it had not possessed the usual merit, an offer like this would have resulted in an enormous loss. But curing as it did, Hyomei soon gained an enviable reputation and made many friends who recommended it far and near. Its success here in Paris has been remarkable, and Clarke & Co. are still selling it on their personal guarantee to refund the money in case it does not give satisfaction.

SUGAR CANE.—For milk cows and stock of all kinds, there is nothing better than Sugar Cane. One acre of it will go as far as three of corn. For pure Early Amber seed go to
STUART & WOODFORD'S.

BANKERS ADVERTISE.—A Pittsburgh binker says the newspaper advertising done by the banks of that city has increased the number of depositors enormously during the last year. "In every community," he reasons, "the depositors are but a small proportion of the people who could be induced to become such by persistent, simple explanations in the form of a display advertisement in the newspapers."

A CIRCUS COMING.—Mr. Pete Sun, General Agent of Sun Brothers' World's Progressive Railroad Shows, was in the city yesterday making arrangement for his circus, which will be in Paris on June 15. His advertisement will appear next week.

DAMAGE BY STORM.—Great damage to farm property was done in Montgomery county Tuesday morning by a terrific wind, hail and rainstorm. The residence of Robt. C. Gatewood was injured by lightning. Shade trees and fencing were blown down and watergaps washed out. The telephone lines were badly damaged in the county. The hail ruined a number of tobacco beds and killed calves, pigs and lambs.

LIVE STOCK, CROP, ETC.

—Pink eye is prevalent in Clark county, and several fatalities have been reported.

—Thos. Marsh, of Cynthiana, sold a coming two-year-old to Walter Clark, of Paris, for \$150.

—Thos. F. Baker, of Jessamine, owns a cow from which his wife has made a pound of butter per day for three years, for ten months in each year.

—Forty years ago the farmers owned 55 per cent. of the wealth of this country, but such has been the advance of manufacturing and railroad building that they now own but 22 per cent., though there has been no decline in agricultural values.

CHANGE OF VENUE.—Special Judge J. E. Cooper, of Mt. Sterling, caused a surprise at Cynthiana Saturday by granting a change of venue in the cases of B. F. French and Ed. Callahan for subordination of perjury and Jim Bach for perjury in the Jett case. The case goes to Montgomery county, where the Judge is Allie Young, a relative of the Hargises. Judge Cooper was appointed by Gov. Beckham, as the defense refused to agree on anyone, and insisted that the Governor appoint.

What MITCHELL Says

I want the people who read this paper to know that I sure have the best eating candy in Paris.

The chocolates I sell you for 40 cents per pound cannot be any better.

If you pay 60 or 70 cents you are paying for the fancy packing, of course I have candy we sell for 60 cents per pound and it is strictly fancy and fine, but I want to have every lover of good candy to try my 40 cent creams, always strictly fresh.

Don't forget to send me your orders for the only genuine Blue Lick Water. I am the wholesale agent for the Springs Co. and can furnish it fresh at all times.

Yours truly,

C. B. MITCHELL.
